

Celestion Cream

With a 90-watt power rating the Celestion Cream is purpose-built for vintage tones whatever kind of amp you use. By applying new technologies and manufacturing methods developed during the creation of our Creamback speakers we’ve been able to deliver a higher power rating while preserving the very essence of an alnico guitar speaker. Delivering a glorious laid-back attack the Cream exudes warm lows and a brilliant bell-like chime. It has smooth and organic mids further characterised by a fine-grained detail that adds a high-definition quality to the vocal range. The Cream has been specially created to bring alnico class to all kinds of amps from 1-watt to 90-watts. It conveys a satisfying warmth detailed expressiveness and exceptional musicality even at low power levels.

8 Frequency Response

General Specifications

|                        |               |
|------------------------|---------------|
| Nominal Diameter       | 305mm / 12in  |
| Power Rating           | 90W           |
| Rated impedance        | 8Ω or 16Ω     |
| Sensitivity            | 100dB         |
| Chassis type           | Pressed steel |
| Magnet type            | Alnico        |
| Voice coil diameter    | 44mm / 1.75in |
| Voice coil material    | Round copper  |
| Frequency range        | 75-5000Hz     |
| Resonance frequency Fs | 75Hz          |
| DC resistance, Re      | 6.7 & 13.1    |

Mounting Information

|                             |                |
|-----------------------------|----------------|
| Cut-out diameter            | 283mm / 11.1in |
| Diameter                    | 309mm / 12.2in |
| Magnet structure diameter   | 128mm / 5.0in  |
| Mounting hole dimensions    | 7.9mm / 0.31in |
| Mounting hole PCD           | 297mm / 11.7in |
| Number of mounting holes    | 8              |
| Chassis depth (inc gasket ) | 92mm / 3.63in  |
| Magnet depth                | 73mm / 2.87in  |
| Overall depth               | 165mm / 6.5in  |
| Unit weight                 | 4.2kg / 9.3lb  |
