CELESTION

Guitar Speakers

G10 Greenback

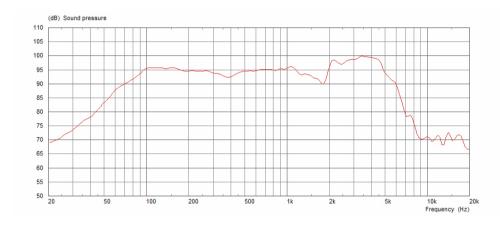

This guitar speaker was developed to recapture the legendary sound of Celestion's 1970s 10s - a 10 speaker with a surprisingly meaty tone. Low in output but with the weighty low-end balance of a 12-inch speaker, the G10 Greenback features a complex mid-range and smooth vintage top-end. In small combos this speaker adds real class and when combined in a 4x10 gives rise to a raunchy full-bodied tone rich in low-end thump.

8 Frequency Response

General Specifications

Nominal Diameter 254mm / 10in **Power Rating** 30W Rated impedance 8Ω or 16Ω Sensitivity 95dB Chassis type Pressed steel Magnet type Ceramic Magnet weight 0.56kg / 20oz Voice coil diameter 44mm / 1.75in Voice coil material Round copper 95-5500Hz Frequency range Resonance frequency Fs 98Hz DC resistance, Re 6.4 or 12.05
